

# Legal and Financial Planning Support Tool for LGBTQIA+ Caregivers

## About this Study

We are performing research to study whether a new, personalized legal and financial planning platform for family caregivers of people living with Alzheimer’s disease and related dementias is useful. We are currently looking for family caregivers who identify as sexual and gender minorities (LGBTQ+) to participate in this research study.

## You may be eligible if you...

- Are a primary caregiver of a person living with Alzheimer’s Disease or other other forms of dementia
- Identify as a sexual or gender minority (i.e., LGBTQIA+).
- Have access to the internet and access to a laptop or desktop computer
- Are at least 18 years of age

## What’s involved?

For this research, you will be asked to use CareVirtue Planner, which is a new web-based financial and legal planning tool for caregivers, for 3 months.

While using this tool, you will be asked to answer questions about your experiences and the relevance of materials to meet your needs. We will specifically ask about the ability of this tool to meet the needs of LGBTQIA+ caregivers.

After completing your trial usage and an exit interview, you will be compensated for your time and effort.

If you agree to participate, you will be compensated **up to \$150** and will be able to use CareVirtue Planner **cost-free** for one year
